11:05 – 11:30 **Coffee break**

11:30 – 11:50 The Common guidelines for the use of small hydropower in the Alpine region of the Alpine Convention (Pietro Colonna - Platform Water Management in the Alps, Alpine Convention)

11:50 – 12:10 Ecological-economic considerations on water management and hydropower in the Alps (Luca Cetara – Consultant of the Italian Ministry for the Environment, Land and Sea)

12:10 – 12:30 Conclusions (Regula Imhof, Permanent Secretariat of the Alpine Convention)

12:30 - 13:30 **Discussion**

13:30 – 14:30 **Lunch**

Session 2: Methodologies for the participation of the stakeholders involved in flood risk prevention

Chair: M.J. Adler, Romanian Ministry of Environment and National Institute of Hydrology and Water Management

14:30 - 15:00 The stakeholders involvement in the hydro-geological risk prevention activities: rules and methodologies (Mary-Jeanne Adler- Romanian Ministry of Environment and National Institute of Hydrology and Water Management)

15:00 – 15:20 Presentation of the results of the survey for the compendium "Flussraumbetreuung in Oesterreich" (Clemens Gumpinger Blattfisch Aquatic Ecology and Engineering -Austria)

15:20 – 15:40 River basin management plans: the experience of the Autonomous Province of Bolzano (Rudolf Pollinger, Willigis Gallmetzer, Sabrina Horak – Autonomous Province of Bolzano)

15:40 – 16:00 Risk perception among stakeholders and stakeholder involvement in an European project for risk management (Sabine Pichler - European Academy of Bolzano (EURAC))

16:00 – 16:20 The point of view of the private companies in stakeholders involvement in hazard mapping (Klaus Michor - Buero Revital Ziviltechniker GmbH - Austria)

16:20 – 16:40 Presentation of the results of the WP 4 questionnaire (László Mrekva - Danube Environmental Forum)

16:40 – 17:00 **Conclusions**

Tuesday, 4 October 2011

Session 3: The experiences of the hydro-geological risk prevention in Italian North- East District and the Danube Floodrisk approach

Chair: R. Rigon, University of Trento - CUDAM

9:30 – 9:40 Opening and Introduction to the Session (Riccardo Rigon – University of Trento - CUDAM–University Centre for Advanced Studies on Hydrogeological Risk in Mountain Areas)

9:40 – 10:00 District and River Basin Authorities: actors, instruments, organization (Roberto Casarin – Secretary General of Basin Authority of the Adige river and North Adriatic Basins)

10:00 – 10:20 Risk definition, planning and prevention activities, emergency and civil protection organization in Autonomous Province of Trento - Provincial legislation (Vittorio Cristofori - Autonomous Province of Trento)

10:20 - 10.40 Slizza basin: studies for hydro-geological risk management in a small alpine basin and their consequences or applicability on trans-national planning (Giacomo Casagrande – Regional Basin Authority of Friuli Venezia Giulia)

10:40 – 11:00 CUDAM: the experience of the scientific world concerning the definition of the guidelines for Hazard Mapping in Trentino Region (Riccardo Rigon – University of Trento - CUDAM-University Centre for Advanced Studies on Hydrogeological Risk in Mountain Areas)

11:00– 11.20 **Coffee break**

11:20 –11:40 Hungarian experience in flood risk mapping (Janos Szabo–VKKI -Central Directorate for Water & Environment)

11:40 – 12:00 Harmonization and requirements for Danube flood risk mapping (Peter Bakonyi—VITUKI- Environmental Protection and Water Management Research Institute)

12:00 – 13:00 **Roundtable discussion & Conclusions**

13:00 – 14:00 **Lunch**
