

Progetto CARG

cartografia geologica delle aree marine

CONFERENCE 29th September - 1st October 2009
(Rome – Naples)

ORGANIZING INSTITUTIONS
Geological Survey of Italy (ISPRA) – Regione Campania

**THE CARG PROJECT - GEOLOGICAL CARTOGRAPHY OF MARINE AREAS:
ITS CRUCIAL ROLE IN THE MULTIPLE APPLICATIONS FOR THE MANAGEMENT
OF THE MARINE-COASTAL ENVIRONMENT AND WITHIN THE FRAMEWORK OF
NATIONAL AND INTERNATIONAL PROJECTS**

PRELIMINARY PROGRAMME

1st day - 29th September 2009

9.00 Registration

Introduction

9.30 Welcome to participants:

Prefetto Grimaldi (Commissario straordinario ISPRA)

Dr. Todisco (Direttore del Dipartimento Difesa del Suolo – Servizio Geologico d'Italia)

Dr. Ganapini (Assessore all'Ambiente Regione Campania)

1 SESSION - Geological Cartography of marine areas in the CARG Project

10.00-16.00

Chairperson: Galluzzo – Trincardi

Introduction to the CARG Project for marine areas at the 1:50,000 scale - Lettieri

Guidelines for marine areas geological surveying - D'Angelo

The marine data bank - Battaglini

Ligurian Sea and Northern Tyrrhenian Sea - Fanucci

Lazio and Messina Strait - Chiocci

Sardegna – Orrù

Campania - Marsella

13.00 – 14.30 lunch

Sicilia - Catalano

Basilicata – Senatore

Abruzzo - Foglini

Veneto - Tosi

Progetto CARG

cartografia geologica delle aree marine

2nd day - 30th September 2009

II SESSION - Geological surveying by scuba diving: the Regione Campania experience

9.00-10.30

Chairperson: Giulivo - Colantoni

Introduction to the Campania-Mare Project - Giulivo
The Campania coastal area. Multiple objectives - Monti
Geological surveying by scuba diving. Methodological approach - Orrù
Phlegrean islands Ischia and Procida - Putignano
The Naples sector: Capri, Sorrento and Naples - Donadio

10.30 – 11.00 coffee break

III SESSION - Geological and geothemtical projects of national and international relevance

11.00-13.30

Chairperson: Doglioni - Fiorentino

The Tyrrhenian Project - Marani
The MAGIC Project - Chiocci
The geological map of Italian seas at the 1:250,000 scale - Trincardi
The EU SEAMAP Project - Tunesi
Experiences from other Mediterranean countries

13.30 – 14.30 lunch

14.30–15.30 –Video shooting and discussion

15.30 - 17.00 ROUND TABLE, organized and chaired by the Italian Geological Society:

GEOLOGICAL CARTOGRAPHY OF ITALIAN SEAS: STATE OF THE ART AND FUTURE PERSPECTIVES

1st October 2009

Field trip
