

Documents list

The documents to be sent to **Change Assigned Rights** are divided between those signed by the Account Holder and those signed by the designated Authorised Representatives.

The **declarations** will be generated by ARIET on the basis of established format and the information entered during the request.

These declarations must be completed with other requested information, downloaded and **digitally signed** by the declarant.

The signature to be affixed to the documents must be of PAdES type (PDF Advanced Electronic Signature), an "advanced electronic signature" that guarantees authenticity, integrity and reliability to documents and it has the same value as the handwritten signature (for more information please visit the page [Digital Signature of Documents](#)).

Finally, the digitally signed declarations must be uploaded again to ARIET and sent with the procedure.

Documents list to be sent vary depending on the Account Holder typology: natural or legal person.

In the next pages can be found the documents list for:
