Tutorial to operate in the Registry

User unenrolment (new user interface)

Version 1: 01.02.2024

Italy

Every user appointed to one or more accounts in the Italian Emissions Trading Registry can request his/her unenrolment, if:

- has suspicion that someone is using his/her own identity to access the Registry;
- no longer has any role within the Registry (e.g. no longer works with the ETS).

Please note that unenrolment definitively precludes access to the Registry and the user can no longer be reactivated.

Attention: The online request in the Registry will be approved by the National Administrator only following the opening of the procedure **Unenrol user**, available on the <u>ARIET</u> website.

Follow the instructions in the table to request your unenrolment
